

Policy on Pricing

At the Hervey Bay Studio, for day-to-day timetabled classes we use a multi class card system.

Classes are 90 minutes long and can cost between \$15.00 and \$25. If you choose to attend on a multi class card, you are welcome to attend as many classes per week as you like (based on the current timetable) that are suitable to your level of practice experience.

Teachers of Yoga

We teach the practices of Abhyasa and Vairagya: Discipline and Renunciation. These are the Yoga Practices as taught in classical Yoga (The Yoga as scribed by sage Patanjali). These practices develop clarity of perception. You are not paying for Yoga, because Yoga is a state of Being. Clarity of perception arises within meditation. Action that emerges when we function from a place of clarity cultivates a life of purpose and peace.

Multi class card options

\$15.00 / class on a 20 class card that is valid for 10 weeks.

\$20.00 / class on a 10 class card valid for 5 weeks

\$23.00 / class on a 5 class card valid for 5 week

Individual class \$25/class

Why use this multi class card system?

Yoga is classically known as "wisdom from experience". It is not an intellectual subject. The refinement of action creates changes in the energy (nervous) systems of the body. It is this process that cultivates an internal locus of control (inner authority/wisdom). The more we practice, the more profound the experience. Our resonance changes. We are more accountable to ourselves. More authentic. More peaceful.

Card use

Cards must be presented on attendance at each class.

Cards are not transferable and may not be shared between students.

Couples may share a card as long as they attend the same classes.

Receipt of payment or evidence of payment is required prior to issue of a card.

Cards are valid until the expiry date which is calculated at the time of first use.

Illness and injury will be considered as extenuating circumstances *if* notification is given prior to the expiry date.

Multi class cards provide a cost-effective way for students to attend – and to evaluate the accuracy of their own judgment about commitment and discipline.

Yoga in daily life: Responsibility for our actions and decisions

The multi class card system promotes student responsibility for decisions and actions by adherence to an expiry date. Care must be taken when making a decision as to how many classes you are able to attend within the timeframe of the expiry date. Developing awareness about the clarity of your own actions and decisions is also yoga – how our perceptions and actions translate within everyday life.

Loss of a card is the same as you loosing your cash... please do not try to pass this responsibility back to us. Once you have been issued a card it is your responsibility to care for it and bring it to class.

How do I buy a card?

Cards are available for purchase from the website or can be purchased in cash at the school. We do not have a EFT payment device at the school so if purchasing at the studio you will need to provide cash.
